PRESCOTT, ARIZONA, WEDNESDAY, JANUARY 25, 1905.

Forty-First Year

RUSSIAN REVENGE

The Rebellion is Still on at Every Point.

Trouble Predicted Today at Moscow When the Bubble Bursts.

FATHER GOPON ADVOCATES THE USE OF THE TORCH.—REIGN OF MARTIAL LAW—FINLAND IS DISTURBED.—THE SITUATION GENERALLY.

By Associated Press.

MOSCOW, Jan. 24.—The liberal newspaper Ruskoye Vedomosti has created a great sensation owing to its comment on the official statement of the St. Petersburg shooting. The paper says: "This official report does not come from the scene of the war. The victims have not fallen on the battle field of Manchuria, nor in a fight with a foreign foe, but in a bloody conflict between the troops and the Russian burghers. Arms and slaughter may avail to put down the dreadful demonstration, but this force is not powerful enough to quench the aspirations of the Russian heart to ward off the consequences of Sunday's volleys and to prevent the movement for liberty and a justly organized government coming to full fruition."

AN IRON HAND RULER.

By Associated Press.

ST. PETERSBURG, Jan. 24.—The appointment of Gen. Trepoff, the former chief of police of Moscow, to be the governor general of St. Petersburg, was accompanied by an imperial decree announcing the creation of the post of governor general. The incumbent of this office, the decree states, will control all departments of the administration of the city government of St. Petersburg, with power to demand the assistance of the military and possession of the right of minister of the interior over the appointments to the municipal council and to the Semstros and also the right of the individual to remain in the city.

THEY TOO ARE READY.

By Associated Press.

HELSINGFORS, Finland, Jan. 24.—Thousands of workmen joined in the demonstration here tonight. Assembling on the steps of the Nicolai Cathedral they paraded the streets till midnight waving red flags. The windows of all public houses, hotels, breweries and a number of newspaper offices were broken. The police arrested fifty workmen.

FATHER GOPON'S ADVICE.

By Associated Press.

ST. PETERSBURG, Jan. 24.—It is not known definitely whether Father Gopon, the leader of the workmen in Moscow or St. Petersburg. The proclamation said to emanate from him has been distributed indicating that he had gone over body and soul to the social democrats. The proclamation authorizes men to use bombs, dynamite and other weapons and invites the students to join, and absolves the soldiers from the oath of fealty. The destruction of government property is recommended, but it requests the men to spare private property and ransack only the shops containing arms and victuals, and urges all to continue the fight until they succeed in obtaining a national assembly.

CALM, BUT UNCERTAIN.

By Associated Press.

ST. PETERSBURG, Jan. 24.—St. Petersburg will be declared in a state of siege tomorrow. General Trepoff, until recently the chief of police of

Moscow, has been appointed governor general of St. Petersburg and has taken up quarters in the winter palace. Strangely enough, the only precedent in the case is that General Trepoff's father, during the reign of nihilistic terrorism under Alexander II, and it is also a strange coincidence that unsuccessful attempts were made on the lives of both. Trepoff is a man of great energy, but the measures he adopted at Moscow for suppressing the student demonstrations in December last provoked much resentment and the revolutionists recently condemned him to death. The aspect of the Russian capital is decidedly more calm. Business which has been at a complete standstill has been resumed on a limited scale. The employees in a few smaller factories went back to work today and crowds of strikers in the street are diminished. The troops in evidence are not so numerous as on Monday and a more confident feeling exists that energetic measures which have been inaugurated will ensure the safety and quiet of the city. Beneath the surface, however, the ferment continues and public nervousness and apprehension as to the future developments is still unallayed. Secret meetings of the different classes of the opposition to the existing order of things were held at various places this afternoon and evening, but no common ground of action has as yet been found. In the meantime the police are actively searching for the leaders. Three well known Russian authors and prominent editors were arrested today. The prisons are filled with agitators and student orators. Such measures may result in bomb throwing and terrorism tomorrow. It is believed future action depends on what course will follow in Moscow and other large cities of Russia where the workmen are beginning to strike. Over one hundred thousand are out in Moscow tonight. No disorder there as yet. A big demonstration will take place in Moscow tomorrow when it is feared bloodshed will occur.

NIHILISTS AT WORK.

By Associated Press.

LONDON, Jan. 24.—The Russian embassy was guarded by two policemen tonight, but this was merely protection against a repetition of what is considered as the annoying act of an individual, rather than the expectation of any demonstrations. The detective forces of London, it is, however, closely watching the anarchist quarter. A number of anarchists met in London on January 20th, commemorating the death of Louise Michel.

CHINA SQUIRMS ON HER ACTION

While She Preaches Neutrality in the War She Practices the Opposite Privately.

By Associated Press.

WASHINGTON, Jan. 24.—China's answer to the American government's communication calling attention to the Russian charges that the Chinese were violating neutrality, was delivered to Secretary Hay today by the Chinese minister. It will later be sent to the president. Until the Chinese answer has been read by the secretary the text will be withheld. The associated press learns, however, that the main points in the reply are regarding the charge that Chinese bandits enlisted in the Japanese army. China calls attention to the fact that they were enlisted first by Russia as frontier guards. In the opinion of the Chinese government the subjects of a neutral power have the right as private citizens to enlist in a foreign army.

IN MEMORY OF A NOTABLE EVENT

The Anniversary Gathering to Commemorate the Work of a Great Writer.

By Associated Press.

NEW YORK, Jan. 24.—The twenty fifth anniversary of the publication of Henry George's "Progress and Poverty" was commemorated tonight at a dinner in Hotel Astor. Hamilton Garland, the president, and other speakers were Wm. J. Bryan, Louis F. Post, Wm. Lloyd Garrison and Henry George, jr.

TERRITORIAL LEGISLATURE

Monday's Proceedings of Law Makers.

Readjustment of Legislative Attaches Results in Saving of Seventy Dollars Per Day.

On Monday the two houses of the legislature made a revision of the appointments of its employees making a reduction of about \$70 per day in salaries over their first action. The clerks allowed the speaker of the house and president of the council under the first distribution were taken away. The appointments in the house are as follows:

Assistant chief clerk, Mulford Winsor; first assistant enrolling and engrossing clerk, Laura Wallahan; second assistant enrolling and engrossing clerk, Mrs. Mattie Byler; journal clerk, Harriet Oliver; first assistant journal clerk, Lou Evans; second assistant journal clerk, Grace Downs; postmaster, George Peck; doorkeeper, Major Burton; assistant sergeant at arms, Sam Garrett; page, L. Barker; committee clerks, Eva Goodale, Nellie Trott, Joy B. Patterson, Lulu Timmons, R. H. Jones, E. L. Perham, O. D. Flake, W. G. Laekey and J. A. Herron.

The following are the appointees in the council: Assistant chief clerk, A. M. Foster; first assistant enrolling and engrossing clerk, Mrs. A. M. Foster; second assistant enrolling and engrossing clerk, Fred Webb; journal clerk, W. E. Gamble; first assistant journal clerk, Miss Zelma Bailey; second assistant journal clerk, Mrs. M. H. Williams; postmaster, B. J. White; side; doorkeeper, Mike Hannon; assistant sergeant at arms, John Daley; page, Frank Ruiz; committee clerks, Miss Luella Smith, Miss Calla Mills, Miss Esther Drachman, Miss Mary Wiley, Miss Mamie Mayer, Miss Madge Dawes, Miss Mary Nugent, Miss Daisy Dayton, Thomas Hamilton, Charles Flynn.

In the house a bill was introduced relating to the compensation of county recorders providing that the salary shall be in lieu of everything.

Two bills were introduced relative to the fees of the clerks of courts, one fixing the fees of clerks of district courts and one fixing a salary of such clerks in counties of the first class at \$2,000 per year, allowing an assistant at \$1,200 per year and such other additional help as may be required at a salary of not more than \$85 per month. Mr. Hull introduced a memorial to congress protesting against the annexation of that part of Arizona lying north of the Colorado river to the state of Utah, which was unanimously adopted by both houses.

The names of the following appointments made by Gov. Brodie were sent to the council for confirmation:

Joseph H. Kibbey, to be attorney general.

I. M. Christy, to be territorial auditor.

B. F. Daniel, to be superintendent of the territorial prison.

Dr. W. H. Ward, to be superintendent of the asylum for the insane.

Major B. W. Leavell, to be adjutant general.

Nelson G. Layton, to be superintendent of public instruction.

Thomas H. Rynning, to be captain of the Arizona Rangers.

George E. Truman, to be citizen member of the board of control.

OPPOSED TO REPEAL

At their session on Monday afternoon, the board of supervisors passed a resolution protesting against the repeal of what is known as the Andrews tax law. An erroneous statement was published yesterday afternoon to the effect that they had passed a resolution requesting the legislature to repeal the law. The vote was unanimous against its repeal, and as the board adjourned till February 6th, the resolution cannot be rescinded by the vote of any vacillating member.

All kinds of job work promptly done at the Journal-Miner office.

THE NEW GRAND CANYON HOTEL

Magnificent Structure on Canyon Rim.

Will Compare Favorably With If Not Superior to the Best California Hotel.

H. P. Anewalt did not accompany the Santa Fe traffic managers to California on Saturday, as planned, but returned home on Saturday night. He says that the new Grand Canyon hotel, El Torar, is a model of beauty, convenience and comfort. He says that while not so large, in its appointments, furnishings and decorations it will compare favorably with if not superior to the Angelus, the Potter and the Coronado, the swell hotels of southern California.

It is located within a very short distance of the rim of the canyon, giving a magnificent view of that wonder as well as of a beautiful forest scene from the porch of the hotel.

The building contains 112 rooms, several of them having bath rooms connected with them. While the new hotel is a part of the Harvey eating system of the Santa Fe road, Martin Bugglin, proprietor of the old hotel is in charge of it as manager.

A surprising feature in connection with the opening of this is the moderate price fixed for accommodation being as low as \$3.50 per day. As the regular price of meals at the Harvey house system is 75 cents this leaves only \$1.25 per day for room, equal in every respect to those charged for at the rate of from \$3 to \$6 per day in hotels of the same class. Of course where guests desire a bath room and other extra accommodations, the price per day is higher, the schedule being from \$3.50 per day up. The object in placing a low rate on the accommodations is to encourage travel as much as possible to the canyon, although the rule is directly opposite to that adopted by most resorts, which is to get all possible out of visitors.

For the better accommodation of visitors and to prevent a lay over as previously at Williams, to visitors from the west, two trains are now run daily over the Grand Canyon railroad.

Through Pullmans are also run from Winslow to the canyon on west bound train No. 3 and from the Grand Canyon to Los Angeles on west bound train No. 1 and from Los Angeles to Winslow on east bound train No. 8.

Mr. Harvey has installed his prize World's Fair Indian Curio exhibit in Hopi Indian house near the hotel.

The hotel was opened on Saturday, January 14th and Mr. Anewalt says that travel there is very good for this season of the year. He says the hotel is the admiration of all who visit the canyon.

THE INTERSTATE COMMERCE ACT

Representative Hepburn Introduces Bill to Amend Giving Commission Power to Fix Rates Upon Complaint.

WASHINGTON, Jan. 24.—Representative Hepburn has introduced a bill amending the interstate commerce act, which has been under consideration for some time, and which has been submitted to the president and attorney general and other members of the administration. Upon complaint, the interstate commerce commission shall declare and order what shall be a just and reasonable rate, which order shall take effect in sixty days, the carrier having the right of appeal to the court of commerce, to have the order of the commission reviewed. Carriers refusing to obey the order of the commission are subject to a fine of \$5,000 a day.

STOLEN.
Gray horse, paces, branded X right shoulder, left thigh; also saddle, Lee Bassett maker, Yinita 2T. Thief has big role of money probably one thousand dollars, has red skin and hair, may have hair dyed. Three hundred dollars reward for property and conviction. We have evidence.

Bravo Rauch, Naravisa, N. M.

BARNEY SMITH STAYS WITH THE TAXPAYERS OF YAVAPAI COUNTY

One of the stormiest sessions held by the board of supervisors for many months was held from half past four until 6 o'clock yesterday afternoon.

Before it was through Supervisor Sattes had turned a complete official summersault from a position taken last week in the matter of the United Verde tax compromise case.

At the session held last week at which Supervisor Smith and Sattes were present, a resolution was unanimously adopted, ordering the dismissal of the appeal of the board.

In the meantime influence was brought to bear on Mr. Sattes to have him vote in direct opposition to his vote of last week and when a resolution was introduced yesterday to rescind that resolution. Mr. Sattes voted in the affirmative and by the aid of Mr. Sinclair's vote, the resolution of dismissal adopted last week, was rescinded.

Supervisor Barney Smith made a gallant fight for the tax payers in an attempt to defeat the adoption of the resolution and excitement over it became quite high at times, the discussion lasting for nearly an hour and a half.

When the final vote was taken Supervisor Smith demanded a roll call of the members and a record made of the vote and Sinclair and Sattes cast their vote in the affirmative while Mr. Smith had a great big no recorded opposite his vote.

Mr. Smith immediately introduced a resolution disclaiming the employment of Herndon & Norris to represent the board in the matter before the supreme court and this resolution was unanimously adopted.

Thus endeth another chapter in a famous case, where an attempt has been made to take about \$15,000 of the taxpayers money and donate it to the United Verde Copper company, and the end is not yet.

Mr. Sattes' action yesterday, in direct opposition to the stand taken by him last week in the interests of the taxpayers of the county, came as a complete surprise to his friends and could scarcely be believed by many when told of it.

THE RECORDER'S DEPUTIES AND Something About Salaries and Earnings.

The Records Show Profit of Seventy-Eight Dollars in Nine Months.

We notice that the Journal-Miner, the openly declared republican paper of the city, has something to say to the effect that Recorder Mosher will go to Phoenix to lobby for a bill increasing the salaries of deputy recorders from \$75 to \$100 a month.—Courier.

—Either intentionally or otherwise the above convey a false impression of what the Journal-Miner had to say on the subject referred to.

The Journal-Miner said that the announcement was made that Recorder Mosher intended to go to Phoenix for the purpose named.

This announcement was made in an "openly declared democratic paper" and if it was not correct the Journal-Miner was not responsible for it.

The Courier further says that "Recorder Mosher informed us that he had no intention of going to Phoenix to do anything of the sort, and had not so said" which the Journal-Miner is pleased to note and publish.

The aforesaid paper then makes a strong appeal for a raise in the salaries of deputy county recorders and quotes the receipts of the office for last year as an argument in favor of it.

The Journal-Miner believes that the laborer is worthy of his hire, but also believes that the truth will hurt no one or at least it should not.

The business of the recorder's office for the month of January 1904 was exceptionally heavy for the season that during that month the Santa Fe Pacific development company filed a large number of relinquishments to land embraced in the Atlantic and Pacific land grant. Specially printed books containing the form of relinquishment were purchased by the county for recording these instruments so that only a very small amount of work was involved in the recording.

This extra business for January run the fees received by the office during the first quarter to an exceptionally large amount. It was business that was never experienced by the office and may never be again.

By deducting the first quarter, which is abnormal, from the income of the office for the year and taking the income for the last nine months of the year, it is found that it amounts to \$4560.40.

The office force was practically the same during the year and the total expense for the year was \$5,973.05 or an average of \$498 per month, which for the last nine months would amount to \$4,482 or \$78 less for the nine months than the receipts of the office.

ACTIVITY AT MAYER

E. W. McClave and Frank A. Davis were in town yesterday from Easy City, the name given to the Easy Moss mining camp about four miles from Mayer. They state that there is great mining activity all through the Mayer section. The shaft of the Easy Moss is one hundred feet deep and at that point a cross cut is being run. The shaft shows up good ore.

The Japan mine near the Easy Moss, is also being worked by Baker brothers and is showing up satisfactorily also.

E. D. Treadwell has struck a body of ore nine feet wide in the Iron Queen mine in one of the drifts of the mine.

They also state that the Treadwell smelter is expected to be completed ready to start operation by February 1st or between that date and February 10th.

Both of them are quite enthusiastic over the mining outlook and think that the present year will be the best in the history of the county. Both of them are in touch with eastern capitalists and they say that Arizona is receiving very favorable mention from intending investors.

They also express the opinion that the present year will see a big growth of the town of Mayer.

WILL HUNT RABBITS

The St. Louis Republican says that President Roosevelt has arranged to hunt jack rabbits in Texas some time between March 25th and April 5th. The president will attend a wedding in New York on March 18th, and afterward, accompanied by Secretary Loeb, he will take a special train for St. Louis, where he will be met by Cecil Lyon, a wealthy lumberman of Sherman, Texas, and W. S. Simpson, of Dallas, Tex.

Mr. Simpson was a member of the Rough Riders and was in the charge at San Juan hill. The party will go direct to Texas and the president will visit Houston and Dallas and attend the Rough Rider reunion at San Antonio. He will then be taken to a section east of Houston, known as the "Big Thicket," which abounds in jack rabbits and other game. The president will spend some days in hunting. His itinerary on the return trip has not been agreed upon.

METAL MARKET.
New York, Jan. 24.—Silver, 60 7/8; Mexicans 47 1/2; Copper, Lake 15.50; electrolytic, 15.37 1/2 to 15.50; Casting, 15 to 15.25.
